

My Name is Anna Brownlee, and I am running for the position of Director-at-Large of the NUSU board of directors. I am currently a first-year student at Nipissing University pursuing an honours specialization in Environmental Geography, and Concurrent Education. While I have not yet held a position at NUSU, I am committed to student satisfaction and safety. I have taken initiative to achieve these goals over the past year by starting a petition to ban the use of the harmful proctoring software currently imposed by the university. This petition amassed more than 600 signatures within a week of its creation, and I have presented my concerns on this issue to the President of NUSU, the Vice-President of Advocacy and Awareness, and the Director of Communications. I am interested in running for a position at NUSU as I believe that everyone's voice should be heard and that student concerns should never fall on a deaf ear. If I am elected for the position of Director-at-Large, I plan to increase student participation in school issues by listening intently to student's concerns and bringing them to the attention of NUSU at monthly meetings. I strongly believe that the student body should always feel as though they can trust their elected representatives, and approach them whenever need be. In addition, I intend to make sound decisions on behalf of the student body during my time as a Director-at-Large. I will achieve this by being attentive to the concerns and wishes of students, and by making decisions in their interest when I am presented with the opportunity to do so. I also intend to communicate openly with students about the actions that NUSU is taking, in order to improve transparency between the student body and the Nipissing University Student Union. By maintaining open communication with the students, they will feel confident knowing that NUSU is striving to make the best

decisions for the future of the university. If you want a highly motivated, hardworking individual as a Director-at-Large, vote yes for Anna Brownlee!
